This worksheet consists of four parts:

- **Part I** - Analysis of Changes in Old Capital Asset Balances
- **Part II** - Analysis of Changes in New Capital Asset Balances
- **Part III** - Computation of Old Capital for Insurance, Taxes, and Other Capital-Related Costs.
- **Part IV** - Reconciliation of amounts from worksheet A, column 2, lines 1 through 4.

See the instructions for Worksheet A for a definition of old and new capital. **A non-PPS provider does not have to complete Part I.** For cost reporting periods beginning on and after October 1, 2001, hospitals receiving 100 percent Federal prospective payment for capital are no longer required to complete Parts III and IV of this Worksheet if worksheet S-2, column 2, line 36 = “Y”. However, Parts I through IV must be completed in all situations for cost reporting periods ending on or after February 29, 2004. (2/29/2004) Additionally, complete parts III and IV for cost reporting periods ending on or after April 30, 2005. (4/30/2005)

**NOTE:** Include assets which are directly allocated to the provider from the home office or related organization and the related other capital costs in Parts I, II, and III of this worksheet.

The intent of Worksheet A-7, Parts I and II, is to reflect assets which relate to the hospital. However, examine the cost finding elections made at the time you submit the cost report to consider the cost finding treatment of SNF, HHA, hospice, subproviders, CORF, CMHC, the physician office building, and any other nonallowable cost centers.

Where you have elected to cost find any of these areas through the cost report, related assets must be included in Worksheet A-7, Parts I and II, as appropriate, to properly allocate the related insurance, taxes, etc. This cost finding treatment must comply with the consistency rule in 42 CFR 412.302(d).

**3612.1 Part I - Analysis of Changes in Old Capital Asset Balances and Part II - Analysis of Changes in New Capital Asset Balances** --These parts enable the Medicare program to analyze the changes that occurred in your capital asset balances during the current reporting period. Complete this worksheet only once for the entire hospital complex (certified and non-certified components). However, only include in Parts I and II assets that relate to hospital services or are commingled and cannot be separated.

**Columns 1 and 6** --Enter the balance recorded in your books of accounts at the beginning of your cost reporting period (column 1) and at the end of your cost reporting period (column 6). You must submit a reconciliation demonstrating that the sum of Parts I and II, column 6, line 9, agree with the total fixed assets on Worksheet G, plus any directly allocated assets from the home office or related organization, less any assets not allocated through the cost finding method on Worksheet B. Include fully depreciated assets still used for patient care.

**Columns 2 through 4** --Enter the cost of capital assets acquired by purchase in column 2 and the fair market value at date acquired of donated assets in column 3. Enter the sum of columns 2 and 3 in column 4.

**NOTE:** The amounts in Part I, column 2, represent transfers from obligated capital and/or a transfer of assets from a change of ownership.

**Column 5** --Enter the cost or other approved basis of all capital assets sold, retired, or disposed of in any other manner during your cost reporting period.

The sum of columns 1 and 4 minus column 5 equals column 6.
