Part III - Apportionment of Inpatient Routine Service Other Pass-Through Costs.--This part computes the amount of pass-through costs other than capital applicable to hospital inpatient routine service costs. Determine capital-related inpatient routine service costs on Worksheet D, Part I. Complete only one Worksheet D, Part III, for each title. Report hospital, subprovider, hospital-based SNF and NF/ICF-IID (if applicable) information on the same worksheet, lines as appropriate. SNFs are now required to report medical education costs as a pass-through cost.

Column 1A--For each cost center, enter the amount of the applicable nursing school program post step-down adjustments from Worksheet B-2. Apportion the post step-down adjustments using the respective program allocation statistics and unit cost multiplier reported on Worksheet B-1, column 20, or its subscripts. Do not complete this column if the response on Worksheet S-2, Part I, line 60, is no.

Column 1--For each applicable line, transfer the nursing school program cost from Worksheet B, Part I, the sum of column 20, and its subscripts, minus post step-down adjustments reported in column 1A, if applicable, when Worksheet S-2, Part I, line 60, is yes, except do not transfer subscripts of line 60 with a criterion code of “4” in column 3. Do not transfer the costs if the response on Worksheet S-2, Part I, line 60, is no.

Column 2A--For each cost center, enter the amount of the applicable allied health/paramedical education program post step-down adjustments from Worksheet B-2. Apportion the post step-down adjustments using the respective program allocation statistics and unit cost multiplier reported on Worksheet B-1, column 23, or its subscripts. Do not complete this column if the response on Worksheet S-2, Part I, line 60, is no.

Column 2--For each applicable line, transfer the allied health/paramedical education program cost from Worksheet B, Part I, the sum of column 23, and its subscripts, minus post step-down adjustments reported in column 2A, if applicable, when Worksheet S-2, Part I, line 60, is yes, except do not transfer subscripts of line 60 with a criterion code of “4” in column 3. Do not transfer the costs if the response on Worksheet S-2, Part I, line 60, is no.

Column 3--Transfer from Worksheet B, Part I, the sum of columns 21 and 22, for each applicable line, plus or minus post step-down adjustments (reported on Worksheet B-2), the applicable medical education costs for interns and residents when Worksheet S-2, Part I, line 57, column 1, is yes, and column 2, is no. Otherwise do not transfer the costs.

NOTE: If you qualify for the exception in 42 CFR 413.77(e)(1), because this is the first cost reporting period in which you are training residents in approved programs and the residents were not on duty during the first month of this cost reporting period, then all direct GME costs are reimbursed as a pass-through based on reasonable cost.

Column 4--Compute the amount of the swing-bed adjustment. If you have a swing-bed agreement, determine the amount for the cost center in which the swing-beds are located by multiplying the sum of the amounts in columns 1 through 3 by the ratio of the amount entered on Worksheet D-1, Part I, line 26, to the amount entered on Worksheet D-1, Part I, line 21.

Column 5--Enter the sum of columns 1, 2, and 3, minus column 4.
Column 6--Enter on each line the total patient days, excluding swing-bed days, for that cost center. Transfer these amounts from the appropriate Worksheet D, Part I, column 4. For SNFs enter total patient days from Worksheet S-3, Part I, column 8, line 19.

Column 7--Enter the per diem cost for each line by dividing the cost of each cost center in column 5 by the total patient days in column 6.

Column 8--Enter the program inpatient days for the applicable cost centers. Transfer these amounts from the appropriate Worksheet D, Part I, column 6. For SNF (line 44), enter the program days from Worksheet S-3, Part I, column 6, line 19.

Column 9--Multiply the per diem cost in column 7 by the inpatient program days in column 8 to determine the program's share of pass-through costs applicable to inpatient routine services, as applicable. Transfer the sum of the amounts on lines 30 through 35 and 43 to Worksheet D-1, Part I, line 50, for the hospital. If you are a title XVIII hospital paid under the IPPS, also transfer this sum to Worksheet E, Part A, line 57. Transfer the amounts on lines 40 through 42 to the appropriate Worksheet D-1, line 50, for the subprovider. Also transfer the amount on line 40 to Worksheet E-3, Part VI, line 2, or for NF or ICF/IID to Worksheet E-3, Part VII, line 26, as applicable.

4024.4 Part IV - Apportionment of Inpatient/Outpatient Ancillary Service Other Pass-Through Costs.--The TEFRA rate of increase limitation applies to inpatient operating costs. In order to determine inpatient operating costs, it is necessary to exclude capital-related and medical education costs as these costs are reimbursed separately. Hospitals and subprovider components subject to the IPPS and/or the Outpatient Prospective Payment System (OPPS) must also exclude direct medical education costs as these costs are reimbursed separately. Determine capital-related inpatient ancillary costs on Worksheet D, Part II. SNFs are required to report medical education costs as a pass-through cost. Prepare a separate Worksheet D, Part IV, for the SNF and NF or ICF/IID (if applicable).

This worksheet is provided to compute the amount of pass-through costs other than capital applicable to hospital inpatient and outpatient ancillary services for titles V; XVIII, Part A; and XIX. Complete a separate copy of this worksheet for each subprovider for titles V; XVIII, Part A; and XIX, as applicable. In this case, enter the subprovider component number in addition to showing the provider number.

Make no entries on this worksheet for any costs centers with a negative balance on Worksheet B, Part I, column 26.

Column 1--Transfer from Worksheet B, Part I, column 19, for each applicable line (plus or minus any adjustments reported on Worksheet B-2, if applicable) the nonphysician anesthetist’s costs which qualify for a reasonable cost payment in accordance with 42 CFR 412.113(c). (See also §4013, line 19, description for more information.)

Column 2A--For each cost center, enter the amount of the applicable nursing school program post step-down adjustments from Worksheet B-2. Apportion the post step-down adjustment using the respective program allocation statistics and unit cost multiplier reported on Worksheet B-1, column 20, or its subscripts. Do not complete this column if the response on Worksheet S-2, Part I, line 60, is no.
