

LDP room during a typical month, and apply that percentage through the rest of the year to determine the number of labor and delivery days to report on line 29. Maternity patients must be admitted to the hospital as an inpatient for their labor and delivery days to be included on line 29. These days must not be reported on Worksheet S-3, Part I, line 1 or line 12.

3605.2 Part II - Hospital Wage Index Information.--This worksheet provides for the collection of hospital wage data which is needed to update the hospital wage index applied to the labor-related portion of the national average standardized amounts of the prospective payment system. It is important for hospitals to ensure that the data reported on Worksheet S-3, Parts II and III are accurate. Beginning October 1, 1993, the wage index must be updated annually. (See §1886(d)(3)(E) of the Act.) Congress also indicated that any revised wage index must exclude data for wages incurred in furnishing SNF services. Complete this worksheet for IPPS hospitals (see §1886(d)), any hospital with an IPPS subprovider, or any hospital that would be subject to IPPS if not granted a waiver.

NOTE: Any line reference for Worksheets A and A-6 includes all subscripts of that line.

Column 1

Line 1--Enter from Worksheet A, column 1, line 101, the wages and salaries paid to hospital employees increased by amounts paid for vacation, holiday, sick, other paid-time-off (PTO), severance, and bonus pay if not reported in column 1.

NOTE: Bonus pay includes award pay and vacation, holiday, and sick pay conversion (pay in lieu of time off).

NOTE: Capital related salaries, hours, and wage-related costs associated with lines 1 through 4 of Worksheet A must be excluded from Worksheet S-3, Parts II and III.

NOTE: Methodology for including vacation/sick/other PTO accruals in the wage index:

PTO salary cost -- The required source for costs on Worksheet A is the general ledger (see Provider Reimbursement Manual, Part II, section 3610 and 42 CFR 413.24(e)). Worksheet S-3, Part II (wage index) data are derived from Worksheet A; therefore, the proper source for costs for the wage index is also the general ledger. A hospital's current year general ledger includes both costs that are paid during the current year and costs that are expensed in the current year but paid in the subsequent

year (current year accruals). Hospitals and FIs/MACs are to include on Worksheet S-3, Part II the current year PTO cost incurred as reflected on the general ledger; that is, both the current year PTO cost paid and the current year PTO accrual. (Costs that are expensed in the prior year but paid in the current year (prior year accruals) are not included on a hospital's current year General Ledger and should not be included on the hospital's current year Worksheet S-3, Part II.)

PTO hours -- The source for PTO paid hours on Worksheet S-3, Part II is the payroll report. Hours are included on the payroll report in the period in which the associated PTO expense is paid. Hospitals and FIs/MACs are to include on Worksheet S-3, Part II the PTO hours that are reflected on the current year payroll report, which includes hours associated with PTO cost that was expensed in the prior year but paid in the current year. The time period must cover the weeks that best matches the provider's cost reporting period. (Hours associated with PTO cost expensed in the current year but not paid until the subsequent year (current year PTO accrual) are not included on the current year payroll report and should not be included on the hospital's current year Worksheet S-3, Part II.)

Although this methodology does not provide a perfect match between paid PTO cost and paid PTO hours for a given year, it should approximate an actual match between cost and hours. Over time, any variances should be minimum.

Lines 2 through 8.01--The amounts to be reported must be adjusted for vacation, holiday, sick, other paid time off, severance, and bonus pay if not already included. Do not include in lines 2 through 6 the salaries for employees associated with excluded areas lines 8 and 8.01 (10/97).

Line 2--Enter the salaries for directly-employed Part A non-physician anesthetist salaries (for rural hospitals that have been granted CRNA pass through) to the extent these salaries are included in line 1. Add to this amount the costs for CRNA Part A services furnished under contract to the extent hours can be accurately determined. Report only the personnel costs associated with these contracts. DO NOT include cost for equipment, supplies, travel expenses, and other miscellaneous or overhead items. DO NOT include costs applicable to excluded areas reported on lines 8 and 8.01. Additionally, contract CRNA cost must be included on line 9. Report in column 4 the hours that are associated with the costs in column 3 for directly employed and contract Part A CRNAs (10/97).

Do not include physician assistants, clinical nurse specialists, nurse practitioners, and nurse midwives. (10/00).

Line 3--Enter the non-physician anesthetist salaries included in line 1, subject to the fee schedule and paid under Part B by the carrier. Do not include salary costs for physician assistants, clinical nurse specialists, nurse practitioners, and nurse midwives. (10/99).

Line 4--Enter the physician Part A salaries, (excluding teaching physician salaries), which are included in line 1. Also do not include intern and resident (I & R) salary on this line. Report I & R salary on line 6. Subscript this line to 4.01 and report teaching physicians salaries, Part A included in line 1 above (10/97).

Line 5--Enter the total physician, physician assistant, nurse practitioner and clinical nurse specialist salaries billed under Part B that are included in line 1 (10/99). Under Medicare, these services are related to patient care and billed separately under Part B. Also include physician salaries for patient care services reported for rural health clinics and Federally qualified health clinics included on Worksheet A, column 1, line 63. Report on line 5.01 the non-physician salaries reported for Hospital-based RHC and FQHC services included on Worksheet A, column 1, line 63 (10/99).

Line 6--For Cost reporting periods beginning before October 1, 2000, enter from Worksheet A the salaries reported in column 1 of line 22 for interns and residents. Add to this amount the costs for intern and resident services furnished under contract. For cost reporting periods beginning on or after October 1, 2000, do not report contract interns and residents services on line 6; instead report contract services on line 6.01 only. Report only the personnel costs associated with these contracts. DO NOT include cost for equipment, supplies, travel expenses, and other miscellaneous or overhead items. DO NOT include costs applicable to excluded areas reported on lines 8 and 8.01. Additionally, contract intern and resident costs must be included on line 9. DO NOT include contract intern and residents costs on line 10. Report in column 4 the hours that are associated with the costs in column 3 for directly employed and contract interns and residents.

Line 7--If you are a member of a chain or other related organization as defined in CMS Pub 15-I, §2150, enter, from your records, the wages and salaries for home office related organization personnel that are included in line 1.

Lines 8 and 8.01--Enter the amount reported on Worksheet A, column 1 for line 34 for the SNF. On line 8.01, enter from Worksheet A, column 1, the sum of lines 21, 24, 31, 35, 35.01, 36, 64, 65, 68 through 71, 82 through 86, 89, 92 through 94, and 96 through 100 (10/00). DO NOT include on lines 8 and 8.01 any salaries for general service personnel (e.g., housekeeping) which, on Worksheet A, Column 1, may have been included directly in the SNF and the other cost centers detailed in the instructions for line 8.01.

Line 9--Enter the amount paid for services furnished under contract, rather than by employees, for direct patient care, and top level management services as defined below. DO NOT include cost for equipment, supplies, travel expenses, and other miscellaneous or overhead items (non-labor costs). Do not include costs applicable to excluded areas reported on line 8 and 8.01 Include costs for contract CRNA and intern and resident services (these costs are also to be reported on lines 2 and 6 respectively). For cost reporting periods beginning before October 1, 2000, DO NOT include costs for pharmacy and laboratory services furnished under contract and subscript this line to report these costs on line 9.01 and 9.02 respectively (10/97). For cost reporting periods beginning on or after October 1, 2000, DO NOT use lines 9.01 and 9.02, but include on line 9 contract pharmacy and laboratory wage costs as defined below in lines 9.01 and 9.02.

In general, for contract labor, the minimum requirement for supporting documentation is the contract itself. If the wage costs, hours, and non-labor costs are not clearly specified in the contract, then other documentation are necessary, such as a representative sample of invoices which specify the wage costs, hours, and non-labor costs or a signed declaration from the vendor in conjunction with a sample of invoices. Hospitals must be able to provide such documentation when requested by the fiscal intermediary or MAC. A hospital's failure to provide adequate supporting documentation may result in the cost being disallowed for the wage index.

Direct patient care services include nursing, diagnostic, therapeutic, and rehabilitative services Report only personnel costs associated with these contracts. DO NOT apply the guidelines for contracted therapy services under §1861(v)(5) of the Act and 42 CFR 413.106. Eliminate all supplies, travel expenses, and other miscellaneous items. Direct patient care contracted labor, for purposes of this worksheet, DOES NOT include the following: services paid under Part B: (e.g., physician clinical services, physician assistant services), management and consultant contracts, billing services, legal and accounting services, clinical psychologist and clinical social worker services, housekeeping services, security personnel, planning contracts, independent financial audits, or any other service not directly related to patient care.

Include the amount paid for **top level management services**, as defined below, furnished under contract rather than by employees. Report only those personnel costs associated with the contract. Eliminate all supplies, travel expenses, and other miscellaneous items. Contract management is limited to the personnel costs for those individuals who are working at the hospital facility in the capacity of chief executive officer, chief operating officer, chief financial officer, or nursing administrator. The titles given to these individuals may vary from the titles indicated above. However, the individual should be performing those duties customarily given these positions.

For purposes of this worksheet, contract top level management services DO NOT include the following: other management or administrative services (to be included on lines 9.03 or 22.01; see instructions), physician Part A services, consultative services, clerical and billing services, legal and accounting services, unmet physician guarantees, physician services, planning contracts, independent financial audits, or any services other than the top level management contracts listed above. Per instructions on Form CMS-339, for direct patient care, pharmacy and laboratory contracts, submit to your Medicare contractor the types of services, wages, and associated hours; for top level management contracts, submit the aggregate wages and hours (10/00).

If you have no contracts for direct patient care or management services as defined above, enter a zero in column 1. If you are unable to accurately determine the number of hours associated with contracted labor, enter a zero in column 1.

For cost reporting periods beginning on or after October 1, 2000, lines 9.01 and 9.02 are no longer required.

Line 9.01--Enter the amount paid for **pharmacy services** furnished under contract, rather than by employees. DO NOT include the following services paid under Part B (e.g., physician clinical services, physician assistant services), management and consultant contracts, clerical and billing services, legal and accounting services, housekeeping services, security personnel, planning contracts, independent financial audits, or any other service not directly related to patient care. Report only personnel costs associated with the contracts. DO NOT include costs for equipment, supplies, travel expenses, or other miscellaneous items. Per instructions on Form CMS-339, submit to your fiscal intermediary the following for direct patient care pharmacy contracts: the types of services, wages, and associated hours (10/97).

Line 9.02--Enter the amount paid for **laboratory services** furnished under contract, rather than by employees. DO NOT include the following services paid under Part B (e.g., physician clinical services, physician assistant services), management and consultant contracts, clerical and billing services, legal and accounting services, housekeeping services, security personnel, planning contracts, independent financial audits, or any other service not directly related to patient care. Report only personnel costs associated with the contracts. DO NOT include costs for equipment, supplies, travel expenses, or other miscellaneous items. Per instructions on Form CMS-339, submit to your fiscal intermediary the following for direct patient care laboratory contracts: the types of services, wages, and associated hours (10/97).

Line 9.03--Enter the amount paid for **management and administrative services** furnished under contract, rather than by employees. Include on this line contract management and administrative services associated with cost centers other than those listed on lines 21 through 35 (and their subscripts) of this worksheet that are included in the wage index.

Examples of contract management and administrative services that would be reported on line 9.03 include department directors, administrators, managers, ward clerks, and medical secretaries. Report only those personnel costs associated with the contract. DO NOT include on

line 9.03 any contract labor costs associated with lines 21 through 35 and subscripts for these lines. DO NOT include the costs for contract top level management: chief executive officer, chief operating officer, and nurse administrator; these services are included on line 9. DO NOT include costs for equipment, supplies, travel expenses, or other miscellaneous items. (10/1/2003b).

Line 10--Enter from your records the amount paid under contract (as defined on line 9) for Part A physician services, excluding teaching physician services. Subscript this line and report Part A teaching physicians under contract on line 10.01. DO NOT include contract I & R services (to be included on line 6) (10/97). DO NOT include the costs for Part A physician services from the home office allocation and/or from related organizations (to be reported on line 12). Also, DO NOT include Part A physician contracts for any of the management positions reported on line 9.

Line 11--Enter the salaries and wage-related costs (as defined on lines 13 and 14) paid to personnel who are affiliated with a home office and/or related organization, who provide services to the hospital, and whose salaries are not included on Worksheet A, column 1. In addition, add the home office/related organization salaries included on line 7 and the associated wage-related costs. This figure must be based on recognized methods of allocating an individual's home office/related organization salary to the hospital. If no home office/related organization exists or if you cannot accurately determine the hours associated with the home office/related organization salaries that are allocated to the hospital, then enter a zero in column 1. All costs for any related organization must be shown as the cost to the related organization.

NOTE: Do not include any costs for Part A physician services from the home office allocation and/or related organizations. These amounts are reported on line 12.

If a wage related cost associated with the home office is not "core" (as described in Part I of Exhibit 6 of the Form-CMS -339) and is not a category included in "other" wage related costs on line 14 (see Part II of Exhibit 6 of Form CMS-339 and line 14 instructions below), the cost cannot be included on line 11. For example, if a hospital's employee parking cost does not meet the criteria for inclusion as a wage-related cost on line 14, any parking cost associated with home office staff cannot be included on line 11 (10/97).

Line 12--Enter from your records the salaries and wage-related costs for Part A physician services, excluding teaching physician Part A services from the home office allocation and/or related organizations. Subscript this line and report separately on line 12.01 the salaries and wage-related costs for Part A teaching physicians from the home office allocation and/or related organizations (10/97).

Lines 13 through 20--In general, the amount reported for wage-related costs must meet the "reasonable cost" provisions of Medicare. For example, in developing pension and deferred compensation costs, hospitals must comply with the requirements in 42 CFR 413.100 and the PRM, Part I, §§ 2140, 2141 and 2142 (see discussion in 70 FR 47369, August 12, 2005).

For those wage-related costs that are not covered by Medicare reasonable cost principles, a hospital shall use generally accepted accounting principles (GAAP). For example, for purposes of the wage index, disability insurance cost should be developed using GAAP. Hospital are required to complete Form CMS-339, Exhibit 6, section III, a reconciliation worksheet to aid hospital and intermediaries in implementing GAAP when developing wage-related costs. Upon request by the intermediary or CMS, hospitals must provide a copy of the GAAP pronouncement, or other documentation, showing that the reporting practice is widely accepted in the hospital industry and/or related field as support for the methodology used to develop the

wage-related costs. If a hospital does not complete Form CMS-339, exhibit 6 section 3, or, the hospital is unable, when requested, to provide a copy of the standard used in developing the wage-related costs, the intermediary may remove the cost from the hospital's Worksheet S-3 due to insufficient documentation to substantiate the wage-related cost relevant to GAAP. (4/30/2008)

NOTE: All costs for any related organization must be shown as the cost to the related organization. (For Medicare cost reporting principles, see PRM 15-I, §1000. For GAAP, see FASB 57.) If a hospital's consolidation methodology is not in accordance with GAAP or if there are any amounts in the methodology that cannot be verified by the intermediary, the intermediary may apply the hospital's cost to charge ratio to reduce the related party expenses to cost.

NOTE: All wage-related costs, including FICA, workers compensation, and unemployment compensation taxes, associated with physician services are to be allocated according to the services provided; that is, those taxes and other wage-related costs attributable to Part A administrative services must be placed on Line 18, Part A teaching services on Line 18.01, and Part B (patient care services) on Line 19. Line 13 must not include wage-related costs that are associated with physician services.

Line 13--Enter the core wage-related costs as described in Exhibit 6 of Form CMS-339. (See note below for costs that are not to be included on line 13). Only the wage-related costs reported on Part I of Exhibit 6 are reported on this line. (Wage-related costs are reported in column 2, not column 1, of Worksheet A.)

NOTE: Do not include wage-related costs applicable to the excluded areas reported on lines 8 and 8.01. Instead, these costs are reported on line 15. Also, do not include the wage-related costs for physicians Parts A and B, non-physician anesthetists Parts A and B, interns and residents in approved programs, and home office personnel. (See lines 11, 12, and 16 through 20.)

Health Insurance and Health-Related Wage Related Costs:

For cost reporting periods beginning on or after October 1, 1998, hospitals and fiscal intermediaries are not required to remove from domestic claims costs the personnel costs associated with hospital staff who deliver services to employees. Additionally, health related costs, that is, costs for employee physicals and inpatient and outpatient services that are not covered by health insurance but provided to employees at no cost or at a discount, are to be included as a core wage related cost. The 1 percent test does not apply to health related costs for periods beginning on or after October 1, 1998.

Line 14--Enter the wage-related costs that are considered an exception to the core list. (See note below for costs that are not to be included on line 14.) A detailed list of each additional wage-related cost must be shown on Exhibit 6, Part II of Form CMS-339. In order for a wage-related cost to be considered an exception, it must meet all of the following tests:

- a. The cost is not listed on Exhibit 6, Part I of Form CMS-339,
- b. The wage-related cost has not been furnished for the convenience of the provider,
- c. The wage-related cost is a fringe benefit as defined by the Internal Revenue Service and, where required, has been reported as wages to IRS (e.g., the unrecovered cost of employee meals, education costs, auto allowances), and

- d. The total cost of the particular wage-related cost for employees whose services are paid under IPPS exceeds 1 percent of total salaries after the direct excluded salaries are removed (Worksheet S-3, Part III, column 3, line 3). Wage-related cost exceptions to the core list are not to include those wage-related costs that are required to be reported to the Internal Revenue Service as salary or wages (i.e., loan forgiveness, sick pay accruals). Include these costs in total salaries reported on line 1 of this worksheet.

NOTE: Do not include wage-related costs applicable to the excluded areas reported on lines 8 and 8.01. Instead, these costs are reported on line 15. Also, do not include the wage-related costs for physician Parts A and B, non-physician anesthetists Parts A and B, interns and residents in approved programs, and home office personnel.

Line 15--Enter the total (core and other) wage-related costs applicable to the excluded areas reported on lines 8 and 8.01.

Lines 16 through 20--Enter from your records the wage-related costs for each category of employee listed. The costs are the core wage related costs plus the other wage-related costs. Do not include wage-related costs for excluded areas reported on line 15. Do not include the wage related costs for Part A teaching physicians on line 18. These costs are reported separately on line 18.01 (10/97). On line 19, do not include wage-related costs related to non-physician salaries reported for Hospital-based RHCs and FQHCs services included on Worksheet A, column 1, line 63. These wage-related costs are reported separately on line 19.01 (10/99).

Lines 21 through 35--Enter the direct wages and salaries from Worksheet A column 1 for the appropriate cost center identified on lines 21 through 35, respectively, increased by the amounts paid for vacation, holiday, sick, and paid-time-off if not reported in column 1 of these lines. These lines provide for the collection of hospital wage data for overhead costs to properly allocate the salary portion of the overhead costs to the appropriate service areas for excluded units. These lines are completed by all hospitals if the ratio of Part II, column 4, sum of lines 8 and 8.01 divided by the result of column 4, line 1 minus the sum of lines 2, 3, 4.01, 5, **5.01**, 6, 6.01, and 7 equals or exceeds a threshold of 15 percent. However, all hospitals with a ratio greater than 5 percent must complete line 13 of Part III for all columns. Calculate the percent to two decimal places for purposes of rounding.

Lines 22.01, 26.01, and 27.01--Enter the amount paid for services performed **under contract**, rather than by employees, for administrative and general, housekeeping, and dietary services, respectively. **DO NOT** include costs for equipment, supplies, travel expenses, and other miscellaneous or overhead items. Report only personnel costs associated with these contracts. Continue to report on the standard lines (line 22, 26, and 27), the amounts paid for services rendered by employees not under contract. (10/1/2003b)

Line 22.01--A&G costs are expenses a hospital incurs in carrying out its administrative and/or general management functions. Include on line 22.01 the contract services that are included on Worksheet A, line 6 and subscripts, column 2 ("Administrative and General"). Contract information and data processing services, legal, tax preparation, cost report preparation, and purchasing services are examples of contract labor costs that would be included on Worksheet S-3, Part II, line 22.01. Do not include on line 22.01 the costs for top level management contracts (these costs are reported on line 9). Do not include on line 22.01 any costs for contract home office personnel (these costs are currently not included in the wage index).

NOTE: Do not include overhead costs on lines 8 and 8.01.

Column 2--Enter on each line, as appropriate, the **salary** portion of any reclassifications made on Worksheet A-6.

Column 3--Enter on each line the result of column 1 plus or minus column 2.

Column 4--Enter on each line the number of **paid** hours corresponding to the amounts reported in column 3. Paid hours include regular hours (including paid lunch hours), overtime hours, paid holiday, vacation and sick leave hours, paid time-off hours, and hours associated with severance pay. For Part II, lines 1 through 12 (including subscripts), lines 21 through 35 (including subscripts), and Part III, line 13, if the hours cannot be determined, then the associated salaries must not be included in columns 1 through 3 (10/97).

NOTE: The hours must reflect any change reported in column 2. For employees who work a regular work schedule, on call hours are not to be included in the total paid hours overtime hours are calculated as one hour when an employee is paid time and a half. No hours are required for bonus pay. The intern and resident hours associated with the salaries reported on line 6 must be based on 2080 hours per year for each full time intern and resident employee. The hours reported for salaried employees who are paid a fixed rate are recorded as 40 hours per week or the number of hours in your standard work week (10/97).

NOTE: For workers who are contracted solely for the purpose of providing services on-call, the wages and associated hours must be included on the appropriate contract labor line on Worksheet S-3.

Column 5--Enter on all lines (except lines 13 through 20) the average hourly wage resulting from dividing column 3 by column 4.

Column 6--Enter on the appropriate lines the source used to determine the data entered in columns 1, 2, and 4, as applicable. If necessary, attach appropriate explanations. This column is used to provide information for future reference regarding the data sources and to assist intermediaries in verifying the data and method used to determine the data.

3605.3 Part III - Hospital Wage Index Summary--This worksheet provides for the calculation of a hospital's average hourly wage (without overhead allocation, occupational mix adjustment, and inflation adjustment) as well as analysis of the wage data.

Columns 1 through 5--Follow the same instructions discussed in Part II, except for column 5, line 5.

Line 1--From Part II, enter the result of line 1 minus the sum of lines 2, 3, 4.01, 5, 5.01, 6, 6.01 (10/00), and 7 (10/97). Add to this amount line: 22.01, 26.01 and 27.01. (10/01/2003b)

Line 2--From Part II, enter the sum of lines 8 and 8.01.

Line 3--Enter the result of line 1 minus line 2.

Line 4--From Part II, enter the sum of lines 9, 9.03, 10, 11, and 12 and subscripts if applicable (10/97).

Line 5--From Part II, enter the sum of lines 13, 14, and 18. Enter on this line in column 5 the wage-related cost percentage computed by dividing Part III, column 3, line 5, by Part III, column 3, line 3. Round the result to 2 decimal places.

Line 6--Enter the sum of lines 3 through 5.

Lines 7 through 12--Do not complete these lines (10/97).
