4006. WORKSHEET S-4 - HOSPITAL-BASED HOME HEALTH AGENCY STATISTICAL DATA

In accordance with 42 CFR 413.20(a), 42 CFR 413.24(a), and 42 CFR 413.24(c), you are required to maintain statistical records for proper determination of costs payable under titles V, XVIII, and XIX. The statistics required on this worksheet pertain to a hospital-based HHA. The data maintained is dependent upon the services provided by the agency, number of program home health aide hours, total agency home health aide hours, program unduplicated census count, and total unduplicated census count. In addition, FTE data are required by employee staff, contracted staff, and total. Complete a separate Worksheet S-4 for each hospital-based HHA.

Line 1--Enter the number of hours applicable to home health aide services.

Line 2--Enter the unduplicated count of all individual patients and title XVIII patients receiving home visits or other care provided by employees of the agency or under contracted services during the reporting period. Count each individual only once. However, because a patient may be covered under more than one health insurance program, the total census count (column 5, line 2) may not equal the sum of columns 1 through 4, line 2. For purposes of calculating the unduplicated census, if a beneficiary has received healthcare in more than one CBSA, you must prorate the count of that beneficiary so as not to exceed a total of (1). A provider is to also query the beneficiary to determine if he or she has received healthcare from another provider during the year, e.g., Maine versus Florida for beneficiaries with seasonal residence.

Lines 3 through 18--Lines 3 through 18 provide statistical data related to the human resources of the HHA. The human resources statistics are required for each of the job categories specified in lines 3 through 18.

Enter the number of hours in your normal work week.

Report in column 1 the FTE employees on the HHA’s payroll. These are staff for which an IRS Form W-2 is used.

Report in column 2 the FTE contracted and consultant staff of the HHA.

Compute staff FTEs for column 1 as follows: Add all hours for which employees were paid and divide by 2080 hours. Round to two decimal places, e.g., .04447 is rounded to .04. Compute contract FTEs for column 2 as follows. Add all hours for which contracted and consultant staff worked and divide by 2080 hours.

If employees are paid for unused vacation, unused sick leave, etc., exclude these paid hours from the numerator in the calculations.

Line 19--Enter in column 1 the number of CBSAs that you serviced during this cost reporting period.

Line 20--Enter each 5-digit CBSA and/or non-CBSA (rural) code where the reported HHA visits were performed. subscript the line to accommodate the number of CBSAs you service. Rural CBSA codes are assembled by placing the digits “999” in front of the two digit State code, e.g., for the State of Maryland the rural CBSA code is 99921.

PPS Activity Data--Applicable for Medicare Services.

In accordance with 42 CFR 413.20 and §1895 of the Social Security Act, HHAs transitioned from a cost-based reimbursement system to a PPS effective for home health services rendered on or after October 1, 2000.
The statistics required on this worksheet pertain to home health services furnished on or after October 1, 2000. The data to be maintained, depending on the services provided by the agency, includes the number of aggregate program visits furnished in each episode of care payment category for each covered discipline, the corresponding aggregate program charges imposed in each episode of care payment category for each covered discipline, total visits and total charges for each episode of care payment category, total number of episodes and total number of outlier episodes for each episode of care payment category, and total medical supply charges for each episode of care payment category.

HHA Visits--See CMS Pub. 15-2, chapter 32, §3205, for the definition of an HHA visit.

Episode of Care--Under home health PPS the 60-day episode is the basic unit of payment where the episode payment is specific to one individual beneficiary. Beneficiaries are covered for an unlimited number of non-overlapping episodes. The duration of a full length episode will be 60 days. An episode begins with the start of care date and must end by the 60th day from the start of care.

Less than a full Episode of Care--When four or fewer visits are provided by the HHA in a 60-day episode period, the result is a low utilization payment adjustment (LUPA). In this instance, the HHA will be reimbursed based on a standardized per visit payment.

An episode may end before the 60th day in the case of a beneficiary elected transfer, or a discharge and readmission to the same HHA (including for an intervening inpatient stay). This type of situation results in a partial episode payment (PEP) adjustment.

Use lines 21 through 32 to identify the number of visits and the corresponding visit charges for each discipline for each episode payment category. Lines 33 and 35 identify the total number of visits and the total corresponding charges, respectively, for each episode payment category. Line 36 identifies the total number of episodes completed for each episode payment category. Line 37 identifies the total number of outlier episodes completed for each episode payment category. Outlier episodes do not apply to 1) Full Episodes without Outliers and 2) LUPA Episodes. Line 38 identifies the total medical supply charges incurred for each episode payment category. Column 5 displays the sum total of data for columns 1 through 4. The statistics and data required on this worksheet are obtained from the PS&R report.

When an episode of care is initiated in one fiscal year and concludes in the subsequent fiscal year, all statistical data (i.e., cost, charges, counts, etc.,) associated with that episode of care will appear on the PS&R of the fiscal year in which the episode of care is concluded. Similarly, all data required in the cost report for a given fiscal year must only be associated with services rendered during episodes of care that conclude during the fiscal year. Title XVIII visits reported on this worksheet will not agree with the title XVIII visits reported on Worksheet H-3, sum of columns 2 and 3, line 14.

Columns 1 through 4--Enter data pertaining to title XVIII patients only. Enter, as applicable, in the appropriate columns 1 through 4, lines 21 through 32, the number of aggregate program visits furnished in each episode of care payment category for each covered discipline and the corresponding aggregate program visit charges imposed for each covered discipline for each episode of care payment category. The visit counts and corresponding charge data are mutually exclusive for all episode of care payment categories. For example, visit counts and the corresponding charges that appear in column 4 (PEP only Episodes) will not include any visit counts and corresponding charges that appear in column 3 (LUPA Episodes) and vice versa. This is true for all episode of care payment categories in columns 1 through 4.
Line 33--Enter in columns 1 through 4 for each episode of care payment category, the sum total of visits from lines 21, 23, 25, 27, 29 and 31.

Line 34--Enter in columns 1 through 4 for each episode of care payment category, the charges for services paid under PPS and not identified on any previous lines.

Line 35--Enter in columns 1 through 4 for each episode of care payment category, the sum total of visit charges from lines 22, 24, 26, 28, 30, 32 and 34.

Line 36--Enter in columns 1 through 4 for each episode of care payment category, the total number of episodes (standard/non-outlier) of care rendered and concluded in the provider’s fiscal year.

Line 37--Enter in columns 2 and 4 for each episode of care payment category identified, the total number of outlier episodes of care rendered and concluded in the provider’s fiscal year. Outlier episodes do not apply to columns 1 and 3 (Full Episodes without Outliers and LUPA Episodes, respectively).

NOTE: Line 36 and 37 are mutually exclusive.

Line 38--Enter in columns 1 through 4 for each episode of care payment category, the total non-routine medical supply charges for services rendered and concluded in the provider’s fiscal year.

Column 5--Enter on lines 21 through 37, the sum total of amounts from columns 1 through 4.
